Genetic advances hold extreme promise, but also the potential to further increase health disparities. Now is the time to address this issue. Join a forum of stakeholders to learn, identify, and discuss many of the challenges and possible solutions for addressing health disparities in genomic medicine.

**Session Topics**
- Genomic medicine advances in disease including cancer, diabetes, neurogenetics, and pharmacogenetics
- The current and future impact of genomic medicine on healthcare
- Challenges to integrating genomic medicine in all populations
- Establishing best practices to promote diversity in genetic research

**Keynote Speakers**
- **Richard Carmona, M.D., M.P.H., F.A.C.S.**
  17th Surgeon General of the United States
- **Pascal J. Goldschmidt, M.D.**
  Senior Vice President for Medical Affairs and Dean of the University of Miami Miller School of Medicine
- **Eric Green, M.D., Ph.D.**
  Director of the National Human Genome Research Institute
- **Donna E. Shalala**
  President of the University of Miami

**Confirmed Session Speakers**
- Vence Bonham, Jr., J.D.
- Goldie Byrd, Ph.D.
- Kenneth Goodman, Ph.D., F.A.C.M.I.
- Olivia Carter-Pokras, Ph.D., M.H.S.
- Chanita Hughes-Halbert, Ph.D.
- Erin Kobetz, Ph.D., M.P.H.
- Richard Mayeux, M.D.
- Margaret A. Pericak-Vance, Ph.D.
- Edward Ramos, Ph.D.
- Charles Rotimi, Ph.D.

**Financial Sponsors**
- Life Technologies Foundation
- John P. Hussman Institute for Human Genomics
- Affymetrix
- Agilent Technologies
- Shire
- 4IMPRINT

**Supported By**
- UM Disparities and Community Outreach Core
- UM Bioethics Program
- Jay Weiss Center for Social Medicine and Health Equity
- American Society of Human Genetics
- Genetic Alliance
- National Society of Genetic Counselors
