The Department of Family Science, School of Public Health, University of Maryland, College Park seeks a full-time tenure track (Assistant, Associate, or Full Professor) to help the Department further enhance its national leadership at the forefront of research and education on health and families. The candidate should be able to: (1) lead an externally funded research program in maternal, child and family health, 2) teach and mentor graduate students, and 3) play a central role in the Department’s dynamic programs in maternal and child health and family science. Preference will be given to candidates with a strong record of grant experience.

Qualifications: Candidates should hold a doctoral degree (Ph.D., Sc.D.) in maternal and child health, family and reproductive health, or another relevant public health field; family science; demography; human development or related social science discipline. Substantial public health training and research experience or an M.P.H. degree are essential if the highest degree is not in public health. The ideal candidate will have demonstrated excellence in health research, publication, and graduate teaching, including previous and current funded research from federal agencies and/or foundations. Candidates should have high-level quantitative research skills and demonstrated experience working with large-scale datasets, a strong interest in collaboration, and value commitment to community engagement and cultural competence.

Responsibilities: The successful candidate will lead a nationally-recognized, externally-funded research program, while also collaborating with other faculty and departments within the School, the University, and the University of Maryland, Baltimore. The candidate’s research should target areas of major significance in MCH and/or family health across multiple public health and/or social science disciplines. Additional primary responsibilities include teaching courses, mentoring and supervising graduate students, and professional/university service.

Salary and Appointment Date: This is a 9-month tenure-track appointment; salary is commensurate with qualifications. Funding is guaranteed for 9 months annually, with the potential to extend salary support to 12 months with external funds. Appointments may begin in August 2016 or on a mutually agreed-upon date.

Application: Applicants must apply electronically to ejobs.umd.edu, faculty section, position #106047. For best consideration, candidates should submit materials by December 1, 2015. Applications will be accepted until the position is filled. Applications should include the following: 1) cover letter clearly indicating how the candidate meets each of the qualifications listed above, 2) curriculum vitae, 3) three representative publications, and 4) contact information for three references (to be contacted only with the candidate’s approval). Contact: Drs. Leigh Leslie and Edmond Shenassa, Search Committee Co-Chairs (lleslie@umd.edu and shenassa@umd.edu) for questions about the position, and Ms. Erin McClure (elmc@umd.edu) for questions about application submission.

The University of Maryland is one of the nation’s top research universities. College Park is the flagship campus of the University of Maryland System with over 2,500 faculty, 25,000 undergraduates, and 10,000 graduate students. The campus is located within 10 miles of Washington, DC and the National Institutes of Health, with easy access to federal and state agencies, national policy centers, and other academic institutions. The School of Public Health was fully accredited in 2010. Faculty collaborate with the School’s Prevention Research Center and Center for Health Equity, as well as the interdisciplinary Maryland Population Research Center. The School and University are part of an alliance with the University of Maryland, Baltimore (UMB), including the School of Medicine and UMB’s professional Schools. Find further information about the University at: http://www.umd.edu and the Family Science Department at: http://www.sph.umd.edu/FMSC

The University of Maryland, College Park, actively subscribes to a policy of equal employment opportunity, and will not discriminate against any employee or applicant because of race, age, sex, color, sexual orientation, physical or mental disability, religion, ancestry or national origin, marital status, genetic information, political affiliation, and gender identity or expression. Minorities and women are encouraged to apply. The University has a range of family-friendly policies and programs.
