COMMENCEMENT SPEAKER

Laura Herrera Scott, M.D.

Secretary of Health, State of Maryland

Dr. Laura Herrera Scott, Secretary of Health for the Maryland Department of Health, is a healthcare leader with expertise across decades in integrating value-based care philosophy with clinical and population health strategies. She is a visionary leader in the health space, spearheading the creation of progressive programs that optimize patient outcomes, improve the quality of care and advance health equity. Most recently, Scott served as Executive Vice President of Population Health at Summit Health and as Vice President of Clinical Strategy and Product at Anthem. She also served in the Maryland Department of Health and Mental Hygiene from 2011–2015 as Deputy Secretary of Public Health Services. Scott is a Veteran of the United States Army Reserves, serving from 1998–2008 as a Major in the Medical Corps. She received a master's degree in Public Health from Johns Hopkins University and a Doctor of Medicine from SUNY Health Science Center in Brooklyn, New York. She currently lives in Towson, Maryland, with her husband and two children.

STUDENT SPEAKER

Warren Dansou

BS, Public Health Science and Biochemistry '24

Warren Dansou is a Public Health Science and Biochemistry double major from Montgomery County, Maryland, with minors in French and Human Development. Throughout his academic journey, Warren has demonstrated a deep commitment to social equity as shown in his thesis: The Impact of Access to Prenatal Care Services on Birth Outcomes in Underserved Communities and Low- and Middle-Income Countries.

At Maryland, Warren has played an active role on campus as the following: University senator on the Senate Executive Committee and Research Council, Students Towards Educational Progress & Philanthropy (STEPP) team secretary, First-Year Innovation Research Experience (FIRE) / BioFIRE peer mentor, resident assistant, Student Entertainment Events (SEE) director, Enrollment Management Student Advisory Council advisor, co-president of the International Genetically Engineered Machine (iGEM), teen leadership coordinator of Kesem at UMD, College Success Scholars (CSS), orientation advisor, violinist in the University Orchestra, and member for the Chemistry and Biochemistry Department's Committee on Climate, Diversity, Equity and Climate. As he embarks on his next chapter, Warren is excited to further his education abroad.
