## **Assistantships**

Graduate Assistant to Dr. Bob Gold, Dean • August 2007 – September 2009

- Led the development of three survey tools and collection of data, related to the accreditation process for the School of Public Health
- Created a detailed report with survey findings, emphasizing implications of results, as well as specific next steps that can be implemented to ensure survey utility
- Edited final draft of the School of Public Health self-study for Council on Education for Public Health (CEPH) accreditation
- Aligned accomplishments and goals of the School of Public Health with the University of Maryland, College Park Strategic Plan
- Wrote sections, edited and managed submission of P20 grant application, which was over 400 pages in length
- Led research efforts for the Prince George's County Research Task Force, which is comprised of academicians, health care providers, not-for-profit agency representatives and employees of the county health department, and focused on reducing health disparities and improving the overall health of Prince George's County, Maryland residents
- Interviewed all Task Force members extensively to determine their research needs and potential areas of focus

## **Elise Resnick**

- Researched potential sources of data regarding obesity and the uninsured population in Prince George's county, via extensive research and speaking with over 75 sources
- Wrote detailed report offering recommendations for the future direction of the Task Force
- Completed Findings Section of report that includes an analysis of all sources of collected data, as well as recommendations for county improvement of health care provision

## **Professional Research and Policy Experience**

### **Sagience, LLC • Bethesda, MD**

Research Consultant June 2007 – August 2007

- Assisted in the development of a Summer research team to work on creating materials to direct the focus of Sagience, LLC
- Conducted research for and wrote briefs addressing 15 different health issues impacting the baby boomer population, to educate future participants of nationwide courses on the topic

### **National Alliance on Mental Illness (NAMI) • Arlington, VA**

Program Manager of the Policy Department • September 2003 – August 2005

- Oversaw all operations of the Policy Team at the National Headquarters of NAMI – an international, grassroots organization that advocates for people with mental illness and their families
- Penned NAMI National policy regarding various issues, such as the reimportation of prescription drugs
- Informed NAMI National policy decisions on contentious issues, such as adolescent use of potentially dangerous prescription antidepressant medication
- Attended Congressional briefings on issues related to mental health policy and provided briefings to staff as needed
- Oversaw NAMI Veterans' Group, which advocated for policy and health care support of United States Veterans
- Supervised and facilitated development of NAMI Adolescent Group, to provide support and advocacy for adolescents living with mental illnesses

## **Elise Resnick**

### **Millian Byers Associates • Washington, DC**

Policy Manager • August 2002 – August 2003

- Mediated negotiations between PhRMA and leaders within the AFL-CIO, regarding prescription drug costs
- Researched and designed 100-page “Toolkit” to illustrate medical and financial value of pharmaceuticals
- Assisted various pharmaceutical companies, such as Pfizer, Inc. in creating outreach programs for Third and Fourth World countries that cannot afford to provide prescription medications for their citizens

### **The Advisory Board Company • Washington, DC**

Research Specialist • August 1998 – July 2002

- Conducted primary and secondary research for executive administrators of over 2,000 hospitals and health systems worldwide
- Researched, wrote and edited over 600 reports across tenure
- Specialized in Behavioral Health, Women’s Health, International Health, Oncology and Clinical Quality research

## **Leadership**
