Respondents described what assets their counties have to support or address health literacy.

**WIDE ARRAY OF HEALTH RESOURCES/SERVICES**
Example: Chronic disease management classes, health insurance navigation services, Mobile Integrated Health services

**STRONG LINKS AMONG PUBLIC AGENCIES**
Example: Libraries working with Minority Health Initiatives to host chronic disease awareness discussions in their multiple locations

**COMMUNITY MEMBERS AS COMMUNICATION CHANNELS**
Example: Highly engaged and trusted community member participation in health education efforts

**STRONG COMMUNITY PARTNERSHIPS**
Example: Literacy councils partnering with community colleges to evaluate individual needs through basic literacy assessments

**HIGH LEVELS OF COMMUNITY ENGAGEMENT AND/OR PARTICIPATION**
Example: “We are a tight knit community, so people care about each other’s health.”
