

Unofficial Academic Planning Form

KNES + Pre-Medicine

Visit the Reed-Yorke Pre-Med website <https://www.prehealth.umd.edu/medicine-2>.

Note: this plan assumes a math placement of MATH120. You can adjust your plan to take BSCI/CHEM courses earlier if you have AP/IB or transfer credit for MATH140 or MATH120. If your math placement is less than MATH120, please meet with an advisor to discuss how you can adjust your plan.

Courses that are pre-requisites for Med School and are not required for the KNES major are indicated with an [MD] after the course code.

** If you change your major to KNES or are transferring from another institution, you should plan to take KNES201 instead of KNES200. KNES201 is a 1 credit course.

*Distributive Studies (DSSP, DSHU) courses can double count with I-Series (SCIS) and/or Diversity (DVUP/DVCC) GenEd.

^These courses are recommended, but not always required for Med school.

BSCI222 should be prioritized over BSCI223 for the MCAT; however, if BSCI223 is not taken, you will need an additional I-Series course.

^^ 120 credits is the minimum needed to earn your degree. However, the KNES major requirements, GenEd requirements, and Pre-Med prerequisites total more than 120 credits.
