

Unofficial Academic Planning Form: KNES + Pre-Physical Therapy

Visit the Reed-Yorke Pre-PT website <https://www.prehealth.umd.edu/new-page-87>.

Note: This plan assumes a math placement of MATH113. You can adjust your plan to take BSCI/CHEM courses earlier if you have AP/IB or transfer credit for MATH140, or have a placement of MATH120 or MATH140.

Courses that are pre-requisites for PT School and are not required for the KNES major are indicated with a [PT] after the course code.

Year 1		Year 2		Year 3		Year 4

^^ If you change your major to KNES or are transferring from another institution, you should plan to take KNES201 instead of KNES200. KNES201 is a 1 credit course.

* Distributive Studies (DSSP, DSHU) courses can double count with I-Series (SCIS) and/or Diversity (DVUP/DVCC) GenEd.

** BSCI223 – Microbiology, will also satisfy an I-Series (SCIS) and can satisfy an additional Biology course for PT.

^ Note the CHEM sequence at UMD is Gen Chem I, Orgo I. Please discuss with a pre-PT advisor if you should take Gen Chem II at another institution.

Students should verify with their professional program if EDHD or PSYC courses are a better choice to satisfy pre-req requirements.

^^ 120 credits is the minimum needed to earn your degree. Students can take additional courses to surpass the 120 credit minimum.
